

Ms. Rossana's Classroom Newsletter June 2022

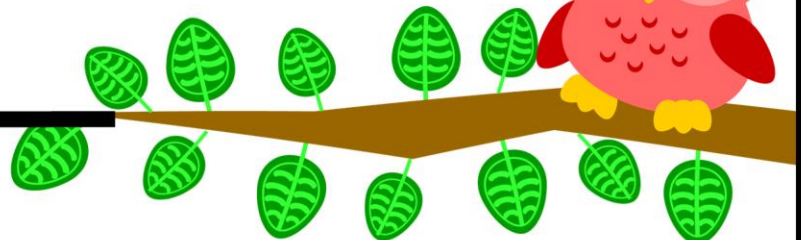

Classroom News

Is it really June? The year has flown by so fast! We had an incredible year with your children and appreciate the opportunity to have such an important role in their lives.

This month we are reviewing our alphabet and numbers. We are exploring one last science unit; rocks and crystals!

Our little friends are working hard getting ready for Graduation/Moving up show and can't wait to share with you.

Have the best summer ever!!
Ms. Rossana & Ms. Jo
