## Fun Facts

Polar Bears are actually BLACK! That's right, underneath all that fur, their skin is jet black. And their fur has no color at all.

Polar bears can sniff out a seal on the ice up to 20 miles away!

Polar bears can swim for days at a time to get from one piece of ice to another. In fact, they regularly swim around 30 miles in a stretch!

### Things to do at home

- Practice zipping up coats and putting on hats & gloves/mittens.
- Look up some Polar Animal facts and share with us!
- Spray some shaving cream on a tray and practice writing numbers!

## What We're Learning This Month

- Exploring properties of Snow & Ice
- Winter Animals
- Martin Luther King Jr.
- Kindness
- Letters Jj, Kk, Ll, Mm (what it looks, like, how it sounds, words that begin with it and how to write it)
- Numbers 5-8 (what it looks like, one to one correspondence and how to write it)

### Reminders....

- We go outside unless the temperature is under 35 degrees so dress your child accordingly.
- Call school or send a text message on the REMIND app if your child is going to be absent or late.
- We are a NUT FREE school so please check all labels.
